Gasworks is a pub located in Miramar - Wellington. Named after (you guessed) the Gasworks that supplied gas in the early 20's to suburbs as far reaching as Khandallah and Ngaio. Gasworks were eventually shut down post World War II as there was a major move towards electricity.

In 2012 The Gasworks Bar & Restaurant was opened.

Think classic rocking music, generous size meals and drinks and a huge choice of 15 tap beers and ciders from Wellington crafty favourites to a regular changing American top tap.

A place for all the hard workers and those who need a place to relax, have fun and enjoy themselves.

Gasworks is a gastropub that has been created to feel as close to your natural habitat as possible.
